

The Philippines

Online Training Course on Infrastructure Development for NPP Introduction

The Department of Energy (DOE) of the Philippines has set the achievement of the mandatory level of Phase 2 of the IAEA Infrastructure Development Items (19 items) as its main mission. In response to the DOE's request for assistance to achieve this goal, we provided 12 training courses on infrastructure development for NPP introduction last year and 5 courses this year(2022). In this fiscal year, the training was provided to total of 393 participants from the Department of Energy (DOE) and the Nuclear Energy Program Inter-Agency Committee (NEP-IAC), which is the nerve center of the nuclear power program planning process.

No.	Titles of training	Date and participants number	Month														
			Date	Number of participants	4 2022	5	'6	'7	8	9	10	11	12	1 2023	2	3	
1	Power Grid connecting NPP	6/29	134														
2	Leadership in Management	10/5	66														
3	Localization and Benefit of NPP	10/12	65														
4	Nuclear Power Plant safety	2023/1/17	64														
5	Radiation protection	2023/2/15	64														
	Total		393														
	Philippine Delegation Invitation	Dec03-10	10														

The ministries within the NEP-IAC including the Department of Energy, the Department of Finance, the Department of Environment and Natural Resources, the Department of Health, the Department of Interior and Local Government, the Department of Defense, the Volcano and Earthquake Research Institute, the Nuclear Energy Institute, the Scientific and Technical Information Institute, the Department of Trade and Industry, the National Economic Development Agency, the National Power Corporation, the National Transmission Authority, and the Presidential Communication Operations Office and so on participated.

In the Training Course on Infrastructure Development for NPP Introduction (Power Grid Connecting NPP), lectures were given on the requirements from NPPs to the power grid. This training was attended by 134 participants from organizations related to electric power and power transmission and distribution as well as from the organizations mentioned above.

In the training remarks, Mr. Atty. Sharon S. Grain, Under Secretary of the Department of Energy (Chairman of the NEP-IAC), stated that this was the 17th training since 2021 and thanked the JICC for its continued cooperation in human resource development.
